

Appraisers

With the changes in today's valuation space, keeping up with the current requirements and methods can be difficult.

Walitt Solutions helps appraisers achieve efficient analysis techniques, proper appraisal methods, effective report writing, streamlined office workflow, use of assistants, and general knowledge.

Go to walitt.com to see how appraisers are working with Walitt Solutions.

Education

Whether you need a course, seminar, or custom meeting presentation, Walitt Solutions designs and presents materials online, in classrooms, at your office, and at industry conferences.

We work with national education providers to ensure students from across the country can take advantage of our quality education offerings.

Need a class? We can help.

Principal Consultant Joshua Walitt is an AQB Certified USPAP Instructor.

Value

Clients expect commitment and meaningful results for any service, whether it is a long-term multi-faceted project or one project.

Vision

We know our clients are looking for insightful, compliant solutions to overcome a variety of obstacles.

Banks and Lenders

Walitt Solutions provides services related to valuation and review, as well as vendor engagement processes, appraisal and evaluation programs, forms and product design, and staff and management training:

- Valuation independence procedures, audit, and training
- Reconsiderations and disputes
- Valuation report reviews
- Vendor engagement processes
- Training and USPAP
- Third-party due diligence
- Custom support

Vendor Management Companies

States and clients are different, so compliance for an appraisal management company is challenging. With a valuation and compliance skillset, Walitt Solutions assists you with:

- Quality assurance
- Panel management policies
- Training for staff and management (including required and best-practice)
- Periodic review processes
- Procedures
